

## POCKETConsult

- PDA downloads including FIRSTConsult, medical calculators, medical news service, and Mosby's Drug Consult Interaction tool.
- FIRSTConsult download includes full range of diagnostic tables from the differential diagnoses tool and key point-of-care content for medical topics including evaluation, diagnosis, treatment and prognosis.
- Create personal account to manage downloads.
- Saved Searches feature allows you to store search terms for easy access to frequently used content.
- Available for most Palm OS 3.X or Greater Devices; most PocketPC 2000, 2002, 2003 Devices; and Windows Mobile PocketPC 2005 Devices. Detailed device lists are available on POCKETConsult website.

### Access

- Available from on- and off-campus locations.
- Personal Account:
  - Create personal account by accessing [POCKETConsult](#) using link on the [E-Database's webpage PDA/Handheld section](#).
- Downloads and Updates
  - Download software and content updates to your personal computer.

### Download Instructions

Once your personal POCKETConsult account has been created, POCKETConsult will guide you through the following process:

1. Check that your PDA and computer meet necessary requirements.
2. Select FIRSTConsult content and any additional news/update services which you would like to download.
3. Download and install POCKETConsult software.
4. Synchronize your PDA to install POCKETConsult content.

### Assistance/Troubleshooting

Assistance is available at the Reference Desk. Stop at the desk, call 202-994-2850 or email [library@gwumc.edu](mailto:library@gwumc.edu).
