

Announcing a new Minor in Human Anatomy

Offered for Undergraduates in:

**Columbian College of Arts & Sciences
School of Business**

**School of Engineering & Applied Science
School of Public Health & Health Services**

*Obtain a basic understanding of human Gross
Anatomy, Embryology, Histology and Neuroanatomy*

A minor in human anatomy will be an asset for the future careers of students majoring in Anthropology, Athletic Training, Psychology, Speech and Hearing Science, Biology (including pre-med), Marketing (e.g. of medical devices or pharmaceuticals), and Bioengineering.

Required courses:

ANAT 130 Human Embryology* (3)

ANAT 150 Human Microscopic Anatomy* (3)

ANAT 160 Human Functional Neuroanatomy* (3)

ANAT 181 Human Gross Anatomy* (3)

*Offered Spring semester only

This secondary field of study (minor) consists of 12 credits of these Anatomy courses with prerequisites of BiSc 5 and 6 (3 credits each) or BiSc 11 and 12 (4 credits each).

Courses are taught in the GWU Medical Center (Ross

Hall) by Medical School Faculty in the Dept. of Anatomy & Regenerative Biology
