City of Hope National Medical Center Presents

Improving the Quality of Spiritual Care as a Dimension of Palliative Care

March 6 & 7, 2013

Join us for a rare opportunity to network with others committed to improving the delivery of spiritual care in palliative care.

The National Consensus Project (NCP) Guidelines and National Quality Forum (NQF) Preferred Practices served as the foundation for the recommendations for a Consensus Conference.

In 2010, a partnership was formed to support nine selected demonstration projects that model the implementation of these recommendations for other programs to replicate.

This 2-day meeting will highlight each of the Demonstration sites accomplishments and integrating spiritual care as part of palliative care within their respective institutions.

Keynote Speakers Include:

Rev. Michael Balboni PhD, ThM, MDiv., Harvard Medical School and; Dana-Farber Cancer Institute.
