

We were so looking forward to seeing you all on Saturday for the interview/open house session. Unfortunately, the weather has decided not to cooperate! They are predicting a winter storm with significant accumulation of snow for the Washington, DC area beginning on Friday. They are predicting between 15"-20", which is a very rare occurrence for this area. Since it is such an uncommon occurrence, this amount of snow in DC can be rather treacherous for traveling. We are most concerned about your safety, as well as the safety of our students, faculty and staff. As a result, we have decided to cancel Saturday's interview/open house session. As I understand it, the airlines have already relaxed their conditions on flights in anticipation, which also tells us something. We are truly sorry for any inconvenience this may cause.

We have some contingencies for those of you who are interested and able. We will be offering information sessions on the following dates:

- 1) Wednesday February 24th from 5pm to 7pm**
- 2) Friday February 26th – morning session (time to be announced)**
- 3) Friday February 26th – afternoon session (time to be announced)**

These will be strictly information session (no interviews). During these sessions you will have an opportunity to hear about the program, meet some faculty and students, receive a tour of our facilities, and have all of your questions answered.

Please let me reassure you that not attending an interview or information session will have ***NO impact*** on your admission. The interview/information sessions have really been for you to get to know us a bit better and vice versa. If the Admissions Committee has any outstanding questions as they review your applications, someone will contact you directly. If you would like to attend any of the sessions noted above or if you have any questions please contact Amy King at ptprog@gwu.edu. Please have the subject line read "Open House Reschedule". Email is the most efficient means of contacting Amy; however if you need to speak with Amy directly for any reason please contact her at 202-994-8237.

We are truly sorry for having to cancel this session, we were looking forward to meeting all of you but more importantly, we believe in safety first!

Thank you for your understanding.

Best regards

Dr. Plack, PT
Director, Doctor of Physical Therapy Program
