

## AccessMedicine PDA Downloads

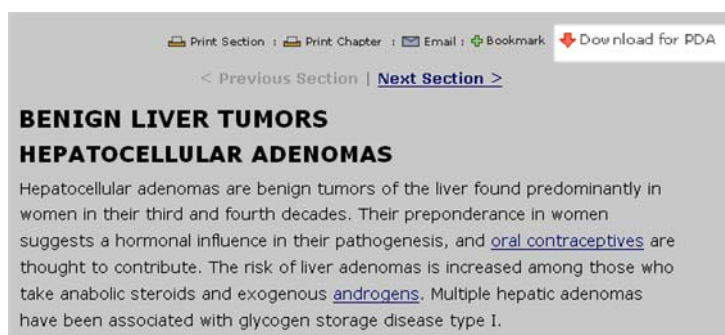

- AccessMedicine is a collection of full-text clinical and basic sciences textbooks.
- Titles include Current Medical Diagnosis & Treatment, M.D. Anderson Manual of Medical Oncology, Principles of Critical Care, Williams Hematology, Adams and Victor's Principles of Neurology, Schwartz's Principles of Surgery, Goodman & Gilman's The Pharmacological Basis of Therapeutics, Williams Obstetrics, Tintinalli's Emergency Medicine, and the Lange educational library series.
- Individual content sections of all textbooks can be downloaded to a PDA.
- Downloads full-text HTML files which have been optimized for PDA viewing by removing extra formatting, images, and tables.
- Files can be read by any PDA that can read HTML files.

### Access

- Link from Himmelfarb's [E-Databases webpage's PDA/Handheld section](#).
- Available to off-campus users via [VPN \(GWireless\)](#) & [ALADIN](#).
- Download individual content sections by clicking on 'Download for PDA'. This file, when placed on your PDA, is readable by any PDA that can read HTML files.
- Compatible with the major PDA operating systems (Palm, Pocket PC, Smartphones, etc.).

### Download Instructions

1. Click on 'My AccessMedicine' to create a personal profile within AccessMedicine.
2. Locate the content that you would like to save to your PDA.
3. Click on 'Download for PDA' in the upper-right corner of the content area.
4. Save HTML file to your computer.
5. Synchronize your PDA to install AccessMedicine content.
