TO: All faculty and students engaged in biomedical and health research at GWUMC, Residents, The Institute for Biomedical Sciences, Columbian College of Arts and Sciences, School of Engineering and Applied Science, Children's National Medical Center & The VA Hospital

FROM: Office of the Associate Vice President for Research

DATE: December 8, 2009

RE: **CALL FOR ABSTRACTS – RESEARCH DAY,
March 10, 2010**

Research Day is the presentation of research from our own students, postdoctoral researchers, and faculty. Last year, we had a record number of abstracts submitted and presented (247) in both the Continental and Grant Ballrooms at Marvin Center. We sincerely hope that you will take this opportunity to present your research to the GW community so that we can all learn and benefit from your activities. Please note that if you submit an abstract you should be prepared to present your abstract if it is accepted.

You will find the directions for abstract submission and the abstract form at the following website: <http://www.gwumc.edu/research/>. Click on the Research Day link and you will see links for instructions and the abstract form. You can find other information regarding this event as it becomes available as well. Please note that the **ABSOLUTE DEADLINE FOR SUBMISSION OF ABSTRACTS IS FEBRUARY 1, 2010** to insure inclusion of your abstract in the program booklet.

On behalf of the Research Committee, we are looking forward to your presentations at the 15th Annual Research Day Symposium!
