My Future Goals Hospital Operations - CEO		
What was best about the School of Public Health and Health Services at GW Broad exposure to healthcare and hospital administration.		
What was best about living in the Washington, DC Area Lived in Annapolis where I grew up, so had established living arrangements as well as friends and family.		
My message to applicants Find mentors early on. The field is actually very small and a good mentor can be a huge springboard to your education, training and future success. Also, don't underestimate the importance of finance.
