What was best about the students at the School of Public Health and Health Services when I was a student Broad range of experience. I could learn a lot from them.		
What's best about the School of Public Health and Health Services at GW Great faculty and learning environment. Wonderful location to do research. Access to government offices.		
What was best about living in the Washington, DC Area All the advantages of a large metropolitan area, plus the buzz of living in DC.		
My message to applicants Learn, mingle, and apply.
